Basic cleaning done
Visual inspection Check for wear, damage, dents or dings.
Describe in findings.
Light seals ok

Installed flash yes no
Flash function ok
Flash sync ok

Installed a lens yes no
Lens function ok

Self timer ok

Findings:

"NEW", as packaged by the manufacturer complete with manufacturer's warranty. Not previously owned or used by a consumer.

"OPEN BOX" means the equipment is 99 to 100 percent of NEW. Items include original box and instructions.

"LIKE NEW," the rating of the equipment is at 97 to 99 percent of original condition. Only the closest inspections will reveal slight wear. Perfect glass, but the box and accessories are usually not included.

"EXCELLENT" rates 90 to 96 percent of original condition. Exceptionally nice but may have slight wear on finish visible only under close inspection. Glass will be very clean.

"EXCELLENT MINUS," 80 to 89 percent of original. Shows moderate wear for the age of the item, with the possibility of small dings or blemishes. Glass may have slight blemishes but will not affect picture quality.

Priced to sell, "GOOD" items are 70 to 79 percent of original condition. More than average wear for the age of the item, and may have dents, dings or finish loss. Glass may have marks or blemishes but should not affect picture quality.

The look only a photographer would love. "ACCEPTABLE" means equipment is rough, with multiple impressions in metal, excessive finish loss and brassing. Glass will have marks, fungus and/or haze which will affect picture quality.

"AS IS" means useable for parts only. Equipment may or may not work. No warranty or return privileges.
